A perfectly new, yet effectual febrifuge Medicine, recommended particularly to Persons living in the Country, Captains of Ships, and to the Faculty: Its chemical Properties render it soluble in aqueous Liquors, and consequently to the Stomach and Præputia, whether it meet with an acid Menstruum or not: In this essential Property it stands sufficiently distinguished from every other Fever Powder. The Proprietor, from his long Experience, affirms the World, that they will find it still a powerful obstructor, evacuant, and efficacious alternative Medicine, consequently a desirable Acquisition in Rheumatism, Gout, Pleurisy, Peripneumony, Jaundice, cutaneous Disorders, and every other Disease arising from obstructed or partial Peristalsis. They recommend it also as the best Preparative for Inoculation, and Evacuation by the natural Small-pox: And they likewise assert from Experience, that if this Powder is given in the beginning of a Fever, or in any Disorder attended with acute Pain, the Patient will be instantly relieved, and the Violence and Danger of the Disease effectually prevented.

THE Irish Flint Glass, and Paris or Queen's Ware Warehouse, is this Day opened by Richard Williams at No. 15, the House lately inhabited by Colonel Dwyer, lower Ormond-quay; who has now in Readiness for Sale and equal to any imported here, Luffras, Oranodler, Chandeliers, Candlesticks and Candlemolds, Pyramids, Salvers, Bowls, Decanters, Water-glasses, Drinking-glasses, and Smelling Bottles, together with every Article that can be made of Flint Glass, either cut, engraved, or plain; like wine, Dishes, Plates, Tazettes, and Flower Pots of Queen's Ware, and all the Variety which that Branch of Business can afford.

The Proprietor humbly hopes this beneficial Undertaking will reconcile to him public Favour, since the Employment he gives to Numbers, and the Saving to this Nation, by causing that Money which would be sent Abroad, to circulate at Home, must be considered of general Utility, while at the same Time, the Goods he offers to the Purchaser are most perfect in their Kind.

The Proprietor means not to adopt that Mode so commonly in Use, of selling one Article very reasonable (and sometimes under the price Cost) with an Eye to Recompence on others by an extraordinary Charge; by which Practice the Unwary are frequently deceived. He will therefore ask but one Price; and is determined to fix that at the most moderate Profit, and to sell for ready Money alone. N.B. Proper Allowance to those who buy to sell again. A neat well finished new House, with Coach house and Stable, about two Years inhabited, to be let in upper Dorset-street, for any Term. Lower Ormond-quay No. 15, October 10th, 1774.
